

GRACE
Merrell

2023 PRESS RELEASE

GRACE GALACTICA RUNNING FOR MAYOR OF ELMIRA

Grace Merrell, also known as Grace Galactica, residing on Partridge Street within the city limits, is running as a Libertarian Candidate for mayor. She strives to expand the freedoms and liberties for residents and businesses should she win the election. "I want to make Elmira a sanctuary city for the second amendment," Grace says. New York State has a barrage of gun control legislation which Grace intends to push against as much as she can from the mayoral seat.

Grace is very active in her community from participating in local city clean ups to showing up to town hall and city council meetings and hearing what the community's concerns are as they are happening. Grace is an action minded individual who acts immediately at every invitation to improve the community. After listening and speaking at several community events she has gained an understanding of the concerns in the different areas of the City of Elmira. The East Side often feels forgotten, cops do not live within the city limits, fumes are poisoning our air, elected officials keep raising taxes, new jobs, business and homes are not appearing but disappearing. Something in Elmira needs to change to stop our citizens and neighbors from leaving.

Elmira needs someone new willing to do what has not been done. Elmira needs someone young enough to be around to feel the affects of change, whose children will grow up in a community based off decisions made. Grace cares about this community and she's going to live long enough to see the affects of her actions and experience them. "I'm not seeking election to line my pockets or be another yes-woman. I'm seeking to represent the people. I am not a politician seeking office, I am a person who cares just like you."

"I stand for the constitution. The first amendment and government transparency. I stand for families, especially low income households and single mothers. I stand for Voluntary activism. Taxation isn't just theft it's extortion."

534 Partridge Street
Elmira, New York 14904
